21st Jan^y 1864

Dear Colonel:

The Chief and myself are very anxious indeed to see you, before he goes to attend the Council at Armstrong's academy, which is to be held on the 1st Monday of February.

We do not want to see you about any trifling matter, but on one of the utmost importance to yourself and to the Chocoma people. It may save you and them from ruin. I earnestly hope you will not fail to come. If possible, be at his house on the 24th or 25th at furthest.

I am always truly your friend
