The most perfect harmony exists between the
Choctaws and Creeks and altho the choctaws
have evinced such genius for learning yet

find that the Creeks will not be ^{them} ~~inferior~~ ~~to the~~
~~Students.~~ The prospects of improvement, both
of the Choctaws and Creeks are of the most
flattering kind each party has become
zealous to excel in learning and politeness
— to maintain and perpetuate good
order, ^{at meals} I march at the head of ^{the} 53 Choctaws
and one of my assistants at the
head of ^{the} 13 Creeks to ~~the~~ ~~boundary~~ ~~house~~

The dining room, where we all eat
together ~~at~~ ⁱⁿ the same house and at the
same time — The boys are all in good
health and well provided for — ~~Some~~ ^{They}
additions made to the Academy, ^{appropos} ~~to~~ ^{regard}
~~would be~~ ^{amply} sufficient, accommodation
for upwards of 100 Students.

and ^{with} the assistance I now have we
can conveniently instruct 150 ^{scholars} ~~students~~
I am happy to say that the boys
have generally conducted themselves well
and ^{have given} ~~afforded~~ but little trouble in school
considering the number — They all seem
to be well contented with their situation
manifesting the most cheerful and lively

disposition —
