

Copied 1854 ?

Dear Col. Please, please come  
and see me - I am waiting to know  
about the land of souls - about  
the arches and the island for which  
she has drifted - and I want  
you to tell me other things -  
Please come, in the evening, if  
you have no other time - I will  
not keep you long - If you have  
one drop of pure *Qah-ka-ta*  
blood in your veins you will  
not disappoint me -

Yours Ec

May Christmas -  
I can't go on until I see you -

Col. Stehlyin
