The resignation is as follows:

Sapulpa Ind. Ter.
5-20-1901

To the Recorder and members of the town council of Sapulpa.

This is the only place, I hope, in the United States, where it is considered a crime to be elected to an office.

From the day of my arrival in this Territory, until the day of my assuming the duties of the office of Mayor, open and notorious gambling has been licensed, permitted, and suffered, under the sanction of authority of the officers sworn to enforce the law.

The sale, importation, and introduction of intoxicating liquors are absolutely prohibited, yet there has never been a town, I hope not at least, where more bootleggers, and whiskey peddlers could be found, and where the sale of it was actually known to the officers sworn to suppress it and where the officers have actually been fined for drunkeness, and where the Mayor of the town actually boarded in a gambling house, and then had the audacity to say, he did not know that gambling existed in the town.

During the time that I have been your mayor, I have assessed fines to the amount of $6.02 which have been paid to your marshal,

We received the books of the old Marshal and Recorder on the 26 day of April - less than a month ago - and during that time we have ascertained for the first time since I have been a resident of Salcalpa, the condition of the Treasury $63. Cash with which to pay $681. indebtedness. We have learned from the committee of Auditors that one ex official still owes $186.20; that a pretended Attorney drew from the funds of the town $130; as an attorney; that another ex official

Contrary to law collected fines or licenses from the sale of liquors and gambling houses, criminally, more money than the Treasurer has received, based upon his own report his books still not being in our possession. That the town has paid out over $200.00 for ordinances, none of which has ever been recorded by our Predicessors, no record existing of their publications.

For these disclosures I have been subjected to persecutions, my business injured, and my reputation even questioned. My first duty is to my family, and I can not longer afford to devote my time and attention to the interest of this town, or what I consider its interests, with no remuneration, and no hope thereof, and do justice to them.

We have demonstrated, that Sulphur can be run without licensing or permitting open gambling houses and a gang of tin-horn gamblers and whiskey peddlers, to infest our streets, insult our citizens, and make life and property unsafe. We have demonstrated to this detestable element that Sulphur can be and today is a healthy place for them to stay away from.

Therefore, Gentlemen, with the kindest regard for you and each of you and ever willing to assist you in any way within

my powers, and especially to keep
our little town rid of the evils
that have in a large measure
retarded its progress, and ever
willing and ready to assist in
the punishment of Criminals,
especially bootleggers, gamblers,
and their accessories;
I have after due and mature
deliberation, concluded that I can
no longer afford to act as your
mayor, and hereby resign.
I have the honor to be,
Yours very truly
J. J. Jones.

After the above resignation was
tabled the Council adjourned.
M. P. Striblin
Town Recorder.
